

M'Susa, daughter of Komex

Traits: Klingon, member of the House of Kovar

House: Kovar

Posting: Surgeon and Ship's Cook, *Pride of ReS'tagh*

- When M'Susa succeeds at a Medicine task to stabilize an injured character, she need only spend 1 Momentum rather than 2 to get the patient back on their feet and able to act again.
- Once per adventure, before a new scene begins, M'Susa may declare a short scene of the crew eating a meal together. At the end of this scene, instead of reducing the group's Momentum pool by 1, she rolls 1 CD, and add the total rolled to the group's Momentum pool. If *HoD* L'uci allows, the meal may include bloodwine; in this case, roll 3CD instead of 1, but add 1 to Threat for each effect rolled, as the crew gets a little too drunk.

- **Warrior's Spirit:** When M'Susa makes a melee attack, or is targeted by a melee attack, and she buys one or more d20s by adding to Threat, she may re-roll the dice pool for the task.
